

## Top 5: Hotels Near Baseball Stadiums

 June 11 2010 by [Dennis](#) in [Uncategorized](#) |  [No Comments](#)

In honor of this week's [Jetsetter sale at Hotel Commonwealth](#) in Boston, we're presenting our picks for the best hotels near baseball parks in the US. Believe it or not, in the past this would have been a particularly challenging list, as ball parks were typically built in the...umm... not best parts of town. These days, it seems knocking down a stadium and building a newer, shinier one across town is practically a mayoral requirement, but I digress.

Here are our picks for five of the best baseball-ready hotels for fans who want to easily cab it, train it or even — gasp — walk to the game.

### **Hotel Commonwealth – Boston – Overlooks Fenway**

Overlooking the historic icon that Bostonians most admire (yes, Fenway), Hotel Commonwealth is a smart starting point for exploring the city. Easily accessible to Back Bay and Kenmore Square, the property is also near the Charles River and just across from Cambridge. With 148 spacious rooms and suites that blend a historic style and modern amenities, Hotel Commonwealth is pure Boston.
