May 01, 2010 8:13 - By: **Jodi Grundig**

The Bedroom in the Baseball Suite

The Hotel Commonwealth, a hotel about a stone's throw away from historic [Fenway Park](#), has introduced a brand-new baseball suite, inspired by the famous park. To celebrate the opening of the new suite, former Red Sox player, and fan-favorite Johnny Pesky, was the very first guest.

The new Baseball Suite offers a sleeping area separated from the living room with a set of French doors. Features include a fifty-inch plasma television with a DVD library of over forty classic baseball films, shadowboxes with memorabilia from the 30s and 40s, and original photography and artwork. Guests of the suite can have tours of [Fenway Park](#) and game day tickets arranged by the Hotel Commonwealth concierge.

The nightly rate for the Baseball Suite is \$755 (the career home run record set by Hank Aaron), and the masculine-inspired design was created by hotel interior designer and architect E. Kevin Schopfer of Ahearn/Schopfer Associates.

The Hotel Commonwealth is located on Commonwealth Avenue in Kenmore Square, right by Fenway Park. The hotel offers a variety of amenities, including complimentary high-speed internet access, Serta Perfect Sleeper beds, wireless phones with a range throughout the entire hotel, Fresh bath amenities, 24-hour business center, and 24-hour room service.
