

we are forging the path to end single-use plastic bottles.

We're on a mission to make the future sustainable as the go-to bottled water that helps everyone break the addiction to single-use plastic bottled water. We're growing this revolution everyday, as global consumer demands skyrocket for sustainable and reusable choices in bottled water packaging. Along the way, we've received recognitions for our efforts from the SEAL Awards, Inc. 5000 Regionals: California 2021, Inc. 5000 America's fastest-growing private companies in America.
